**At the end of this email is a link to information about burglars using your letterbox to open the front door and a reminder of what you can do to secure your front door. We have noticed that recently BMW cars are the popular choice of burglars to find the keys and then steal the car.**

17:00-12:30

At sometime between Sunday and Monday someone has opened the front door by putting something through the letterbox to open the door from the inside. The house has been searched and car keys stolen from a wooden table in the hall. A BMW 5 series car was parked on the drive and it may have been targeted as there was an attempted burglary at the weekend in Lower Earley when another BMW car was parked on the drive.

URN 643 14/1

*Advice: If you go away on holiday and leave your car either in the garage or on the drive – hide your keys (remembering where you put them)*
